

Technical Data

Color	Yellow
Sizes Available	S-XL
Packaging	Boxed
Packed	3 Pair/Case
Case Dimensions (cm)	83.00 x 33.00 x 30.00
Case Weight (kg)	6.85
Country of Origin	Malaysia
Material	Rubber
Construction	--
Certifications	--

Performance Data

Electrical Class --

Care Instructions

Wash either by hand or in a washing machine to remove dirt with mild soap or mild non-bleaching detergent. After washing, rinse sleeves in clean water and dry thoroughly. Drying temperatures can not exceed 66°C/150°F.

NOVAX®

Class 2 Rubber Insulating Sleeve

- Natural rubber construction offers excellent dielectric properties combined with flexibility, strength and durability
- Highest quality, natural latex with no solvents or additives
- Dipped construction provides superior comfort and flexibility
- Ergonomically designed with curved shape to help reduce fatigue
- Straps and buttons help to keep sleeve in position
- Color coated label easily indicates compliance with regulatory standards
- Environmentally friendly manufacturing using aqueous dip process
- Meets ASTM 496 and 1051 Standards

Applications

- Power Generation
- Electrical Contractors
- Plant Maintenance
- Utility Work
- Hybrid Automotive Repair, Service and Manufacturing
